IMPORTANT NOTE TO DOCTOR/MEDICAL FACILITY:
If you prefer to provide the requested information on your own medical form, we will accept that only when comparable body systems are included, the below release section is completed, signed and dated, and your form is stapled to this High Hopes form.

To my knowledge, there is no reason why this person cannot participate in supervised equestrian activities. However, I understand that High Hopes will weigh the medical information above against the existing precautions and contraindications. I concur with a referral of the patient to a licensed/credentialed health professional (e.g., PT, OT, Speech, Psychologist, etc) in the implementations of an effective equestrian program.
